DETAILED ACTION

1. Receipt is acknowledged of the Amendment filed February 6, 2004.

Continued Examination Under 37 CFR 1.114

2. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on February 6, 2004 has been entered.

Allowable Subject Matter

3. Claims 1-7 are allowable over the prior art of record.

The following is an examiner's statement of reasons for allowance: Although, Takeda et al. discloses a dielectric coaxial resonator, Takeda et al. differs from the present claimed invention because, among other things, Takeda et al. pertains to having electrodes coupled to conductive through holes whereas the present claimed invention pertains to the specifics of the electrodes being a respective single coupling electrode further extended onto a second surface which intersects the first edge of the dielectric block, and the specifics of input/output electrodes placed on a second surface and extended from a second edge. Accordingly, one of ordinary skill in the art would not have been motivated to modify the teachings of Takeda et al. to meet the claimed limitation as set forth in the present claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
